

The UAF Faculty Senate passed the following at Meeting #182, April 2, 2012:

**RESOLUTION:**

**WHEREAS**

The University of Alaska Statewide administration has proposed a policy that the University of Alaska would not hire tobacco users, or anyone whose spouse or dependents are tobacco users;

**WHEREAS**

A university employee may have no knowledge or control over the tobacco use of family members such as a 25-year old dependent child;

**WHEREAS**

Tobacco use rates are high in some countries, including many with highly productive potential university faculty and staff, and this policy would limit hiring of these potential faculty and staff;

**WHEREAS**

The rate of tobacco use among Alaska Natives is approximately double that of the state population as a whole, and this policy would have a disproportionate effect on the hiring of Alaska Natives by the University of Alaska;

**WHEREAS**

Extrapolating medical costs from lifestyle choices and its use in hiring decisions suggests the potential of institutional control over other conditions such as weight, exercise, diet, sleep, and blood chemistry, and is a form of discrimination that contradicts University of Alaska non-discriminatory hiring policies;

**AND WHEREAS**

Many other avenues for cost reduction in the University of Alaska's approach to health care
